

STI Test

from: Olive Health Travel Clinic

Price: £0.00

Date: 2018-10-12 11:19:05

Expiration Date: 0000-00-00 00:00:00

Description

Our STI test will screen you for the following sexually transmitted infections: Chlamydia Gonorrhea Syphilis Herpes simplex I Herpes simplex II Trichomonas vaginalis Mycoplasma hominis Mycoplasma genitalium Ureaplasma urelyticum Chancroid This test is done by analysing a urine sample. If you are not comfortable with or unable to supply a urine sample at the clinic you may take the urine bottle and collect your sample at home. However, please drop the sample to the clinic on the day it has been taken as soon as possible. Results for a urine analysis can take up to 5 working days and will sent to you by email or post. We also test for HIV via blood sample. Results are normally available within 48-72 hours.
